

CLASS RULES

On 4th October 2008 at 18.30 at the Sailing Club in Prien on the lake Chiemsee the international meeting of the class Asso 99 representatives has met to discuss and deliberate – with common agreement – to modify or to add the following points in the Asso 99 class rules:

Art 8) YARDS

REPLACED

- b3) The ropes of trapezes shall be either in steel cable with a minimum diameter of 2,5 mm. or in textile cables with a minimum diameter of 3,5 mm.

NEW

- b10) A batten of the aft stay set up in masthead shall be used.

Art 9) SAILS – GENERAL REMARKS

REPLACED

- a) During a race there shall be no more than one mainsail, one Genoa 1, one jib and one spinnaker on board.

Art 12) GENOA

REPLACED

- a) The measurement (LP) of the genoa 1 shall not be less than 4.400 mm. and over 4.500 mm. and the weight of the cloth, in the area as per Art. 9/d, shall not be less than 195 gr./square metre (about to 4,5 oz.)

ABOLISH

- a) The measurement of the Genoa 2

REPLACED

- d) The minimum weight of the Genoa 1 shall not be less than Kg. 7,00

ABOLISH

- e) The minimum weight of the Genoa 2

IASS Associazione Internazionale Asso99

Art 20) TEMPORARY RULES

To be added here below

All sails measured by 31st December 2008 shall not be forced to respect any restriction as per :

- Item 12) letter a)
- Item 12) letter b)
- Item 12) letter d)
- Item 12) letter e)

As per the IASS Rules Item 7) TECHNICAL COMMITTEE, the above mentioned changes shall come into force at 12:00 p.m. of 2008, December 31st.

From 1st January the Genoa 2 shall no longer be measured

From 1st January 2009 the new genoas 1 shall be measured according to the new rules.

From 1st January 2009, during the races, there shall be only one Genoa 1 on board. The old Genoa shall be used, after previous declaration to the Measurement Committee before races, during the international championships.

From 1st January 2010, during the races, only one Genoa 1 shall be used and measured according to the new class rules.

Chiemsee, 4th October 2008
